

# Pleasurable's Consent Policy

We will model consent in several ways.

- 1) No one will be featured in the videos without their informed consent.
- 2) For people to access the material we create, they will need to provide opt-in, informed consent.
- 3) Videos will not auto-play.
- 4) We will not copy anyone else's material to include in ours without permission (for example, stock imagery).
- 5) When adding reasonable-length quotes (a paragraph at most), we will seek consent from private sources.
- 6) When adding quotes and information about other sources, we will cite all of our sources.
- 7) We anonymize data when asked to and when appropriate (such as past clients and web tracking).
